Travel info

Airports: Closest International Airports to fly into are Groningen (NED), Bremen (GER) and Amsterdam Schiphol (NED).

From there riders need to proceed to the ferries in Eemshaven (NED) or Emden (GER) with car, train or bus.

Attention! Riders should reserve their ferry ticket asap as the number of slots is limited and a lot of tourists are expected on the island.

Ferry tickets: <https://www.ag-ems.de/fahrplan>

The costs for the ticket for the athletes and optionally vehicle will be refunded from Borkum.

On Borkum island cars are not really needed as everything is located closely in walking distance and cars are prohibited in most areas of the island.

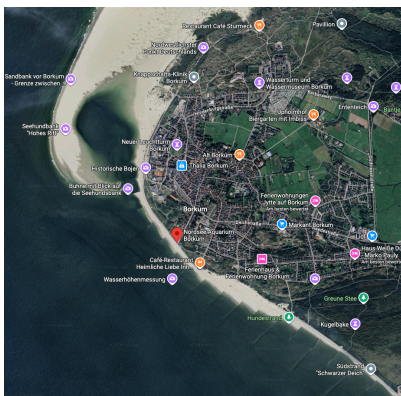

Riders arriving without vehicle can use the shuttle train from the harbour to the town. From there everything is close-by.

Riders arriving with a car may proceed to the event site for equipment drop-off and must then park their cars.

No further shuttle is necessary or provided.

Event Location

The event takes place on the promenade and the beach at Borkum-West directly at the “Nordsee Aquarium”. The address is: Von-Frese-Straße 46, 26757 Borkum, GERMANY

Travel documents and Visa:

If an invitation letter is needed for riders, please email liam@gkakiteworldtour.com and he will issue you the document.

Accommodation for competitors:

A rider camp is provided free of charge where the athletes may park their cars and sleep. Toilets and showers are provided.

Borkum island offers various accommodation possibilities: apartments, hotels etc.

Weather:

In Borkum, June weather is **mild, slightly cool, and often breezy**, with daytime temperatures around 17–18°C and cooler nights near 11–13°C. It's usually a mix of sunshine and cloud with long daylight hours, but fairly humid and with occasional light rain on about half the days, while steady coastal winds give it a **fresh, slightly windy seaside feel** rather than hot summer weather.

Wind Information

Borkum island is located in middle Europe. It is Germany's westernmost North Sea island, directly at border to The Netherlands. The wind and weather highly depend on passing deep pressure systems. So conditions may vary in a wide range from flat water with gusty winds to high waves in western storm. Typical conditions in June are 10 to 20 knots from western direction onshore.

Elimination ladders - Freestyle Discipline

The elimination ladder used for the KWT event shall be Dingle.

- KWT 24 Riders Dingle Elimination

- Height and amplitude – The combination of height and amplitude of the tricks completed during the heat. As the wind conditions increase, this aspect will exponentially become more and more into consideration, but only when the height and amplitude are achieved along with risk factor and technical difficulty.
- Technical Difficulty – The technical difficulty of tricks completed during the heat.
- Power – The power during the execution of the tricks. Power will be considered as a combination of speed into the trick to pop and speed out during the landing, kite position, height and amplitude during the trick.
- Risk factor – The risk factor is directly linked to the power, height, amplitude and technical difficulty of the jump, but also to the commitment of the competitor and physical challenge during the execution, duration of the critical moment, and energy on the execution.
- Smoothness – Smoothness and fluidity during the execution and landing of tricks completed during the heat.
- Innovation – Performing completely new tricks from the trick list. To be called an 'innovation,' a trick must represent a distinct evolution from all the tricks listed. Tricks appearing in red are those that haven't been landed before in a competition. If any of these tricks are successfully landed, the judges will reward accordingly, taking all judging criteria and landing into consideration for the final score.
